Alumni donors

Dr Andrew Fan

College of Business
Founder of FANs Award

"As CityU alumni, we shall feel grateful to our Alma Mater for providing us a good foundation during our studies. Having strived in the society for many years and accumulated different experiences and strengths, we can come back and support our Alma Mater for her further development. When I first established the "FANs Awards", my intention was to provide timely encouragement and recognition to the students for their achievements, so that they can keep up with their efforts for further studies."

Dr Joseph Kong

College of Business
Founder of Department of Information Systems Fortitude Award

"As an Information Systems (IS) alumnus myself, I wanted to recognise and support IS students who have made significant impact on the department and shown great potential to succeed in the future. I hope the awards will help extend the culture of excellence within the department and energize students to realise their dreams."

Mr Melvin Leung

College of Science
Founder of Miku and Melvin Bursary

"My wife Miku (third left) and I (second right) were delighted to establish our bursary to support CityU students in financial need. In February 2023, we had the opportunity to meet four award recipients from various disciplines. This proved an enjoyable and fruitful exchange where we were able to share our experience and philosophy of life. I am confident that the awardees go on to achieve excellence in their pursuits."

"Receiving the award was a huge motivation. It has shown my attainments in my academic life have been noted and spurred me to pursue additional activities, such as working on behalf of the community and my forthcoming overseas study at the University of Oxford. I will be certain to make good use of the award."

Mr William Leung

College of Engineering

"The scholarship has not only recognised my academic achievements but also encouraged me to participate in extracurricular activities and community service. I promise to make good use of the scholarship to live a fruitful University life and equip myself well for the challenges ahead."

FANs Awards: Top Outstanding Student Leader Award 2021-2022

"The FANs Award has boosted my faith, trust, and belief in myself. It has also inspired my passion to help people with my legal knowledge, especially in the area of family law. I will work harder so I can give back to my alma mater and assist students to achieve their goals in the future."
