**Promotional statement (not more than 500 words in English, optional)**

As being an alumnus of the City University of Hong Kong, I love here and always want to contribute here. Based on my working experiences, I am good at communicating with others, which is an essential ability to be a bridge between alumni and the university rationally.

I am also experienced at setting up alumni associations so that I understand what they want. To achieve their wants, I can organise different activities, such as hiking, farming, voluntary working, etc.

To conclude, I hope that I can have a chance to spend my own time to serve all of the alumni.
